

They Taught the World to Fly!

Wind, sand, and a dream of flight brought Wilbur and Orville Wright to Kitty Hawk, North Carolina where, after four years of experimentation, they achieved the first successful airplane flights in 1903.

With courage and perseverance, these self-taught engineers relied on teamwork and application of the scientific process. What they achieved changed our world forever.

On October 24, 1911, at Kitty Hawk, NC, Orville Wright established a new world soaring record in a 50 mile-per-hour wind of nine minutes and forty-five seconds. This remained a world record for 10 years.

John Daniels, who was employed at the Kill Devils Hills life-saving station in North Carolina was asked to take the now famous photograph of the first flight. Daniels had never operated a camera until the morning of the flight.

LIOSTA FÍONA | WINE LIST

Welcome to Kitty Hawks Wine List

I am a practical person, so we have ten reds, ten whites, four bubbly's, one of which is an alcohol free version, and a rosé, with some specials now and then.

The last thing I want to do when I go to a restaurant is work, so I want people to look at the wine list, find something familiar or rely on our servers, and get on with their lives. You are here to relax and enjoy dinner. If you have wine, I want it to be good wine, adding to the whole dining experience. There is nothing worse than ordering a glass of wine and it's not fresh.

I work with Classic Drinks, whom I trust, and we just sit down and talk. Our wine list is small enough, and we don't serve wines from giant producers, so we can really discuss which wines work best with our menu. I don't consider myself in the business of educating people. I'm interested in creating a great experience.

With a limited wine list, you want to choose wines that lots of people can enjoy with various menu items. The wines shouldn't just fit one niche. I want our guests to say, 'I want a great red wine with my steak,' and I'm able to provide that.

Who wants to linger over a 40-page restaurant wine list? Two people and a ...200-bin list means either a hasty choice or one person staring at the wall for 15 minutes!

Please enjoy!
